

TRUCK TRANSIT PARKS (TTP) - THE WAY FORWARD

Engr. Chidi K C Izuwah
Ag Director General/CEO
INFRASTRUCTURE CONCESSION REGULATORY COMMISSION

16th August 2018

CONGRATULATIONS TO THE HMT and ES NSC

There is a mysterious cycle in human events. To some generations much is given. Of other generations much is expected. Hon. Minister Sir and Mr. ES sir you both have a rendezvous with destiny....give us TTP and ICDs via PPP procurement

Modified speech of Franklin Delano Roosevelt US President 1936

Current Situation

Expensive Enforcement

Case for Action

- “ More than 90% of Freight Transport in Nigeria is by Trucks....Transportation Safety, Productivity and Performance key to our Economic Performance
- “ High Rate of Accidents Involving Trucks
- “ Parked Truck Nuisance on our highways, near ports almost every where....Mokwa Umunede Lagos Ibadan Abuja Kaduna etc
- “ No professional truck stop facility nationwide even in our Ports
- “ Currently trucks stop at will on the Federal Highways near cities, denying throughput of essential traffic – the economic arteries of the States and Nation; potential PPP project could develop income streams from service provision

Case for Action Basis – SA Research

- “ Main problems experienced by truck drivers: 39% Fatigue related
- “ Main causes of road crashes: 41% fatigue related
- “ The recommendations from this research include the following:
 - “ There should be government legislation that forces drivers to stop for compulsory rest. Most drivers sleep for +~4hrs per 24hr.
 - “ More safe and clean truck stops are needed.
 - “ Almost all truck drivers are interested in road safety strategy participation that will improve and promote their safety including use of truck stops.

TTP Outlay

- ” Truck Parking Bays – Hard standing Area
- ” Truck Wash and Weigh Bridges?

THE GOOD CLEAN SOLUTION

TRUCK OVERNIGHTS

Safe Parking Facilities specially designed for trucks are available . 24 Hour on site security and surveillance camera's ensure that your assets are well looked after.

Our facility can accommodate 120 trucks at a time. Additional accommodation for drivers can also be arranged

Pricing are as follows:
First 3 Hours: Free
4 – 18 Hours: R 10/hour
Maximum: R150/24 hours

Diesel is available at an excellent price to transport companies, truckers and the public. Our facilities are fitted with 3 high volume pumps that can fill up trucks at 176 l/minute. Our facility is also the only one in our area to cater for 100 Ton Low beds.

SA TTP – Restaurant/Take Away Kiosk

Our sit down restaurant and take away kiosk cater for truckers and the public from 6am in the morning to 10pm at night, serving delicious breakfasts, tasty hamburgers, real Indian curries and traditional pap and braai just to name a few. The kiosk sells anything from cool drinks, amazi, milk & bread to cigarettes, sweets, toiletries and airtime. Our restaurant can cater for 100 people at a time. All merchandise are excellently priced and we serve all our customers with a smile!
