COURSE OVERVIEW:

The Basic Public Private Partnership Training is an introductory training for staff in PPP Units in Ministries Departments and Agencies involved in PPP projects; as well as those private sectors. This course has been designed to expose staff to basic skills and technique needed in understanding and structuring any PPP transaction.

WHO TO ATTEND:

Intermediate and Middle Level staff in MDAs and Private Sector.

TRAINING OBJECTIVES:

- Educate participants on the basic introductions to Public Private Partnership procurement.
- Enable participants to know the difference between traditional procurement and PPP procurement route.
- Enable participants to identify if a project can be done as PPP.
- Enable participants to know what to look out for in an Outline Business Case/Full Business Case (OBC/FBC).
- At the end; apply the knowledge gained.

COURSE OUTLINE:

- Public Procurement Regimes in Nigeria & the Infrastructure Market: A synoptic overview of PPP.
- Creating an Enabling Environment – Legal, Institutional & Regulatory (LIR) Framework for PPP in Nigeria: (Lessons from other Countries)
- The role of Transaction Advisers.
- Contract Compliance and Monitoring.
- Sources of Funds & Viability of PPP Projects; Risk Identification & Allocation.
- Standard clauses in a PPP Agreement or Concession Agreement
- Improving Government's Revenue through PPPs.
- PPP Procurement Routes: Solicited & Unsolicited.
- Introduction to Project Finance.
- PPP Case Study
